Education

Lahore Garrison University

Bachelor of Sciences in Information Technology

Lahore, Punjab

CGPA: 3.65 / 4.0

Professional Summary

Full-Stack Developer with 2+ years of professional experience designing, building, and deploying web applications using JavaScript (ES6+), TypeScript, React.js and **Next.js**. Strong MERN background (MongoDB, Express, React, Node) with experience implementing server-side rendering (SSR), static site generation (SSG/ISR), GraphQL/REST APIs, and state management with Redux. Proficient with Tailwind CSS and Firebase authentication. Comfortable in Agile teams, Git/GitHub workflows, and performance-first UI/UX development.

Technical Skills:

- **Languages:** JavaScript (ES6+), TypeScript, Python, SQL, HTML5, CSS3
- **Frontend:** React.js, **Next.js (SSR, SSG, ISR)**, Redux, Tailwind CSS, Material UI, Responsive Design, Jest (unit testing), Figma (design handoff)
- **Backend / Full-Stack:** Node.js, Express.js, MERN (MongoDB, Express, React, Node), Docker (basic), PostgreSQL, NextJS App router, Mongoose, Server components
- **APIs & Data:** REST APIs, GraphQL, MongoDB, MySQL/SQL
- **Auth & Cloud:** Firebase Authentication, OAuth, JWT
- **Tools & Workflow:** Git, GitHub, GitHub Actions (CI/CD), Postman, VS Code, Agile/Scrum, Vercel, Deployment

Experience

Full-stack Developer

Penova tech.

Jun 2025 – Oct 2025

Lahore, Punjab

- Engineered responsive sites and web apps using **React.js, Next.js, Tailwind** (SSR/SSG for SEO), achieving 90+ Lighthouse performance scores.
- Architected an **Online Tutoring System** (auth, scheduling, live/recorded lessons via WebRTC, Stripe payments) supporting 100+ concurrent users, using **Node.js, Express, MongoDB, GraphQL, Redux**.
- Resolved production issues and managed CI/CD deployments via **Git / GitHub, VPS, Vercel**.

Frontend Developer

Zai Systems

Oct 2024 – Mar 2025

Lahore, Punjab

- Delivered and maintained **responsive websites** for 5+ international clients, ensuring cross-browser compatibility and modern UI standards.
- Collaborated with design and backend teams to deliver **pixel-perfect, performance-optimized** frontends, reducing UI bug reports by ~30%.
- **Elevated** user experience with **interactive components** and clean code practices.

Web developer

Dextrologix - Software House

Sep 2023 – Aug 2024

Lahore, Punjab

- Launched and deployed **MERN stack** applications with secure authentication (OAuth) and scalable MongoDB data handling, delivering 3+ client-facing products.
- **Participated in** Agile sprints, improving feature delivery speed by ~25% and team productivity.
- **Converted** UI/UX designs into responsive apps, boosting user satisfaction and engagement.

Final Year Project (FYP)

Lahore Garrison University / Self-Employed

Nov 2025 – Present

- Designing and implementing a Cricket Coaching Assistant System (FYP) using Python, computer vision (YOLO/Ultralytics), and REST APIs for ball and shot detection.

Projects:

Devido | [Video Sharing Platform](#)

Tech Stack: React.js, Node.js, Express.js, MongoDB, styled-components.

- Built a **secure video-sharing app** with authentication and high-quality streaming.
- Designed a **responsive interface** for smooth navigation and playback.
- Integrated **video protocols** ensuring performance and scalability.

Chick Kart | [E-commerce store](#)

- Implemented **secure authentication with roles** (admin, customer).
- Developed **product management, cart, and checkout** with payment gateway integration.
- Built **admin dashboard** for order and inventory tracking.

Journivo | [Personal Blogging Application](#)

Tech Stack: React.js, Material UI, Node JS, Express Js, Tailwind CSS, Redux Toolkit

- Designed a **modern blogging platform** with dark/light mode toggle.
- Added **user authentication & profile management** with Redux Toolkit.
- Enhanced UI with modular, reusable components.

Certifications

- Google Cybersecurity Professional Certificate – Google (2024)
- Cybersecurity Attack and Defense Fundamentals Specialization – EC-Council (2024)

Relevant Coursework

- Introduction to Data Sciences – Lahore Garrison University
